

Brian Hoff

✉ BrianLHoff@gmail.com

Expert in Shopify Plus and headless commerce, with a 5+ year track record of architecting global, multi-region storefronts. Specializing in custom theme engineering and seamless API integrations that bridge the gap between high-end design and scalable e-commerce performance.

EXPERIENCE

Backyard Discovery —Sr. Software Engineer / Sr. Shopify Developer

May 2024 - PRESENT

- **Global Architecture:** Lead developer and architect for a multi-region ecosystem (US, CA, UK, AU) and Range Outdoor Living, managing the end-to-end technical roadmap for five high-traffic Shopify storefronts.
- **Custom Headless Integration:** Engineered a custom headless commerce solution featuring a complex **cross-platform shared cart and unified customer account system**, synchronizing data seamlessly between the headless frontend and the native Shopify Online Store.
- **Full-Stack Optimization:** Design and deploy bespoke Liquid features and React-based integrations, significantly improving site performance and third-party app efficiency across all brands.
- **Technical Leadership:** Act as the sole technical stakeholder, managing the full development lifecycle—from initial discovery and bug mitigation to project management and global deployment.

Graf Lantz —Shopify Web Developer

April 2021 - June 2024

- **Enterprise Ecosystem:** Sole developer for 4 Shopify Plus stores; led the end-to-end migration from Vintage (1.0) to Online Store 2.0, modernizing architecture and performance.
- **Logic & Data:** Engineered custom Ruby scripts for checkout discounting and utilized Metaobjects/Metafields to build advanced, scalable data structures.
- **Full-Stack Integrations:** Scaled operations by deploying complex dropshipping workflows and syncing a comprehensive CX/Marketing stack (Klaviyo, Yotpo, Gorgias, Loop).
- **Frontend Innovation:** Built custom React-based landing pages and loyalty portals using 3rd-party SDKs to boost retention and brand engagement.

Smithfield Foods —Specification Writer & QA Technologist

2013 – 2021

- **Technical Product Specs:** Authored and maintained product specifications, technical diagrams, and labeling documentation; ensured 100% compliance with USDA, GMP, and Food Safety standards.
- **UI/UX Optimization:** Led the frontend redesign (HTML/CSS/JS) of the corporate specification platform, including the digital Nutrition Facts Panel and automated PDF conversion tools.

EDUCATION

University of Kansas, Overland Park, KS — 2019

Full Stack Web Development Bootcamp

Minnesota State University, Mankato, MN — B.Sc. Biology — 2012
